Take Me Home!

Halloween Is Here!

Halloween, the ladies of the Chamber and the United Southern Bank are dressed for the event which was the not-too scary Halloween for the town of Lady Lake.

Ocala Trump Rally

Trump holds a political rally in Ocala, Florida. More than 15,000 attended. He was himself, talking about the Clintons and the problems in our country. In a few days we will know who will be President. A side bar was an eyewitness said two protesters were escorted out of the rally, they got into a CNN van and left. I could not verify it at press time.

The ladies of the chamber show their paintings. Wine and Design held the event in coordination with the Lady Lake Chamber. Members of the Chamber and some of their employees and friends painted and enjoyed the event.

First Women Graduate US Army Infantry Officer Course

NewsEmergency.com Critical News, Weather & Alerts

U.S. Army women hit a milestone Wednesday, as the first women graduated from the military branch's Infantry Basic Officer Leader's Course.

Ten women received their Infantry blue chord at Fort Benning in the southern U.S. state of Georgia, officially making them infantry officers and giving them the ability to lead an Army platoon of infantry combat soldiers.

The Army's infantry is its main land combat force, responsible for defending the U.S. against ground threats, and capturing, destroying and repelling enemy ground forces.

Including the new graduates, there are 11 female infantry officers in the U.S. Army.

Capt. Kristen Griest became the first female infantry officer earlier this year after completing the Army's Maneuver Captains Career Course and transferring into the infantry.

AS I SEE IT

Is Florida the Real Estate Rip-Off Capital of the World?

Every day, someone says, “Well, this is how we do it up north.”

Problem is, that’s not how we do it, here, in Florida!

You’ve owned five or six homes ‘up north’?

You’ve “Never had a problem”?

You “Know it all”?

That makes you, the perfect ‘mark’.

“I’ve got a good Lawyer/Agent/Banker/Trusted Friend” doesn’t help either.

While it might be true that “Knowledge Is Power”; for a buyer or seller, professional deceit or dishonesty would be a problem, but a far greater danger is incompetence or carelessness.

Ask them to explain these terms (below) in 2 minutes or less.

What is Flipping? Flopping? Short Sale? Reverse Mortgage? Straw Buyer? Steering? Phantom Buyer?

If they can’t, then maybe they are not the ‘expert’ you need.

‘WIRE THE FUNDS’ – If you are BUYING your lawyer or title company used to tell you to bring a ‘Cashiers Check’ to the closing.

But then, due to an ever-growing number of forgeries, they now want your bank to ‘wire’ the money.

It didn’t take long for the crooks to figure

that out.

Apparently it’s relatively easy for them to intercept your emails, those of your lawyer or the Title Company.

Their instructions tell you to wire the money to “ABC Trust Company” for the closing. You won’t know you got ripped off until the real title company asks you “When are you sending the money?”

If you are SELLING, you have the same risk. The forger says, “We will deposit the Proceeds Of Sale to your account.”

It takes them two seconds to clean you out, once they have your account number.

Does this really happen? Fact is, in the last couple of years, home-owners, buyers and sellers, have lost over \$50 MILLION to swindlers and con-artists.

How do you protect yourself?

1)-Stop thinking “This would never happen to me!”

2)-Don’t trust anyone! It doesn’t matter who they are, where they work or who they know.

3)-SELLING a home? Call AT LEAST three local Realtors for a free market analysis. Keep in mind that if two are high, and one is low, you might need a certified appraiser to help you figure out why!

4)-Never give your financial information to anyone. If anyone calls you for any (financial) reason, hang up and call them back at a number you know to be correct.

5)-BUYING a home? Take the time to personally verify appraisers, lawyers, Title

Companies, Inspectors and anyone else who is part of the transaction.’til next time. . . .

Ranger school

Fort Benning public affairs officer Chris Warner told VOA Wednesday that rather than leading a platoon right away, all 10 women graduates have decided to continue the “unspoken tradition” of moving from the Infantry Basic Officer Leader’s course to Ranger school, the Army’s elite combat training course.

Only three women -- Griest, Capt. Shaye Haver and Maj. Lisa Jaster -- have completed that elite course since it was opened up to women in 2015. Haver and Jaster are not infantry officers.

Officials anticipate a higher likelihood of success from Wednesday’s female graduates, since the Infantry Basic Officer Leader’s Course produces the highest success rates for Ranger School graduates.

The Infantry Basic Officer Leader’s course and the Armor Basic Officer Leader’s course were not open to women until this year. The Army is currently training 15 women at the Armor Basic Officer Leader’s Course at Fort Benning, which will be completed at the end of November.

The Army’s armor division carries out tank and forward reconnaissance operations on the battlefield.

Economic Future

North Central Florida is looking at a bright future over the next 20 years for our region. Our current demographics outlook carries the largest predictor.

Soon we will be facing the looming retirement of the Baby Boomers and many will find their way to the Sunbelt, bringing many resources with them as they come to Florida. Here they will continue to expend resources, they will start businesses, volunteer, pa-

tronize entertainment venues, and create a demand that will raise property values.

Additionally, the establishment of a new inland port system handling inbound and outbound containers to Florida ports will follow the inland arteries of I-75 and Florida's Turnpike. This will further develop these areas and add immense value and capital to the region. With added development we will need expanded transportation and many of these improvements are already well underway. All of this shift in modalities of transportation will spawn new enterprises in assembly and distribution.

North Central Florida has more available land and water resources than surrounding coastal areas and is much more suited for the

new development. This will also be attractive to those looking for less congested areas and our lower costs of living where housing competition is less severe.

It's our time! And we can do a better job

managing growth as we learn from past intensive growth in urban Florida. We need to look forward to building our own destiny. Onward and upward!

PUBLISHER'S NOTES

Award Winning yeah! Yes I'm talking about us our newspapers. Every year the CPF state-wide conference has a competition where the free newspaper across the state show their work and we

compete. There are several papers with 1,000,000 circulation down to papers with just several thousand circulation. We were lucky enough to win three awards. A first place for ad design 1/2 page, a third place for ad design, and a third place for a picture I took of a sunrise. We are happy to get recognition. We will run pictures of some of our efforts all next year.

In a couple of days we will choose a new President and many political leaders, the important thing is that you VOTE! We have endured one of the worst campaigns ever. I guess the way I am making up my mind is "do you want more of the same?" Or do you want to shake things up and try to fix things, healthcare for one thing.

The Trump rally was a great success. Witnesses have told me that a thousand could

not get into the arena. One witness said that two protesters were escorted out of the rally and they walked over, got into a CNN van and drove away. If so this will show us the bias of the media.

I have not heard anyone that realizes the importance of the State Senate win. The Dennis Baxely win was important because Marion County has not had representation in the State Senate for twenty-two years and we have not had a Republican in the State Senate in One Hundred and Thirty years. I think we will see the results of that in the future. Baxely is the right person to get the job done.

I am not completely convinced we are on the right track as far as recognizing and helping growth in certain fields, we recognize the horse industry but don't seem to recognize agriculture. We have far more cattle than horses. We probably have far more pork grown here than horses. We have a tremendous water supply but don't spend much attention on the matter. I just think we need to take a equal look. A good example is we spent a lot of money for the new building at the livestock pavilion but it seldom gets used for livestock meetings. It's all about business meetings, political meetings, everything but what it was intended to be for.

We are slowly choking out agriculture and replacing it with industry changing what we have been known for over the years. The Livestock pavilion was built because a way

of life. The farmer and the cattle rancher. I don't want Marion County to lose that identity

How to Sell Your Newmarket House Without An Agent And Save the Commission

Newmarket - If you've tried to sell your home yourself, you know that the minute you put the "For Sale by Owner" sign up, the phone will start to ring off the hook. Unfortunately, most calls aren't from prospective buyers, but rather from every real estate agent in town who will start to hound you for your listing.

Like other "For Sale by Owners", you'll be subjected to a hundred sales pitches from agents who will tell you how great they are and how you can't possibly sell your home by yourself. After all, without the proper information, selling a home isn't easy. Perhaps you've had your home on the market for several months with no offers from qualified buyers. This can be a very frustrating time, and many homeowners have given up their dreams of selling their homes themselves. But don't give up until

you've read a new report entitled "Sell Your Own Home" which has been prepared especially for homesellers like you. You'll find that selling your home by yourself is entirely possible once you understand the process.

HOLIDAY SAFETY REMINDERS FROM THE LADY LAKE POLICE DEPARTMENT

As the holiday season approaches, many Lady Lake residents will be gathering with family and friends to celebrate. Whether you are traveling out of town or hosting festivities at home, the Lady Lake Police Department wants you to be safe. Here is a secu-

rity checklist to help protect your home and family.

Before you leave town it is important to make sure your home appears occupied. Place timers on your lights and set them to turn on and off at different times. Lock your garage door and disconnect the automatic opener. Most importantly, tell a trusted neighbor that you are going to be away and ask them to dial 911 immediately if they see anyone on your property.

Here are some additional home security tips to keep in mind:

- Install good locks on all doors and windows and always use them.

- Stop newspaper and mail deliveries, and never hide a spare key outside,
- Give that spare key to a trusted neighbor and provide them with an emergency telephone number where they can reach you.
- Have someone mow your lawn if you'll be away more than a couple of weeks.
- Turn down your telephone ringer so no one outside can hear repeated rings, and never leave a message on your telephone answering machine stating you are out of town.
- Leave your window blinds as you normally would if you were home.
- Invite your neighbor to park their car in your driveway or have a friend move yours if you left it at home.
- Do not post holiday travel plans on social networking sites.

Even if you are not planning to travel, the holidays are also a time when thieves and con-artists are frequently on the prowl. Here are some tips from the Lady Lake Police Department to help keep your home, your car, your possessions, and your family safe.

Keeping Your Home Safe

- We all want our homes to reflect the joy of the season, but avoid displaying gifts where they can be seen from a window or doorway.
- Arrange to have packages delivered to a neighbor if you're not home to receive them.
- Packages left on porches or doorsteps are "easy picking" for thieves. It also draws unwanted attention to your home.
- Consider simple outside decorations. Elaborate or large lawn pieces are some-

times stolen right off the lawn.

- Be sure not to obscure the view from your windows. You need a clear view of your property.
 - Always lock your home's doors and windows, even if you're only gone for a few minutes.
 - Compact or dispose of packaging discreetly. Often criminals will spot something you've discarded and can target you for their next burglary or theft.
- Staying Safe While Shopping
- Always lock your car and close the windows, even if you're only gone a few moments. When possible, lock all merchandise or packages in the trunk of your car. Load your packages before departing, not at the next destination.
 - Shop with at least one partner. Have your car or house key in your hand as you approach the door.
 - Stay alert to your surroundings and the people around you. Look inside your car and around it as you approach.
 - Be extra careful with purses and wallets. Carry a purse under your arm. Keep wallets in an inside pocket.
 - Avoid carrying large amounts of cash.
 - Avoid street vendors or people that flag you down with a "great deal" -- many times these hucksters are selling stolen or unlicensed merchandise.
 - Plan your trips. Instead of one big shopping trip, try several small ones. This will cut down on the amount of money you carry, the packages you'll be encumbered

Impress Holiday Guests With A Stylish Home Refresh

(NAPS)—If you have guests coming for the holidays, there's still time to whip your home into shape with smart buys and DIY projects that can instantly turn routine guest areas into stylish, inviting spaces.

Bath Savvy

Refresh your vanity: In small spaces like guest bathrooms, simple changes can make a big impact. Easy swaps of hardware and fixtures may be all you need to set the stage for an eye-popping makeover. Swap out your faucet, fixtures and hardware with champagne bronze or aged brass materials for a timeless look, and then contrast with a fresh coat of paint. If you're unsure about trying new colors, form a neutral backdrop with creamy wall paint like Valspar Signa-

ture Irish Cream along with porcelain tile and a quartz countertop, allowing your fixtures to pop. Don't be intimidated if you're doing it yourself. Countertops, like allen + roth's quartz vanity top, come ready to install with predrilled faucet holes and attached undermount sinks.

Squeaky clean: Showers and toilets impact more than just the functionality of your bathroom—they can also add an element of sophistication. To add privacy and style, look first at the shower enclosure. A coated glass panel door will obscure views without blocking light. Got a tub? A new shower curtain and matching accessories will do the trick. For a time-saving upgrade that guests will love, install American Standard's new

ActiClean self-cleaning toilet, available at Lowe's. This new toilet takes the stress out of hosting guests by removing stains from inside the bowl while cleaning more than twice the amount of dirt than conventional toilets.

Finishing touches: Did you know you can install a dimmer switch in less than an hour? Give your bath

a warm glow while helping overnight guests easily locate the bathroom during their stay. Finally, help guests find everything they need, and keep them out of your cabinets, with a basket packed with soaps, shampoos,

scrubs and more.

New Life For Your Living Room

Color your mood: Warm spaces and soft textures beckon guests to relax during the holidays. To make your living room inviting, try a winter-inspired paint color like dusty rose, deep purples or frosty gray that draw inspiration from powdery snow and cashmere sweaters. Complement paint with soft lighting by adding a pair of wall-mount arm sconces that can easily be installed with a cordless drill and basic hand tools.

Fresh flooring: Give your space a face-lift with floating laminate floors. These floors have the same great look as hardwood and are easy to install (see step-by-step instructions at Lowes.com). You won't even need adhesive, nails or staples.

For an instant new look, select an area rug by playing with shapes, colors and pattern to pull your room together. To determine which size rug is best for your living room, lay a bedsheet folded to that size on the floor, so you can get an idea of the area it will cover.

Spread holiday cheer: Find the focal point in your living room and decorate around it, like framing a fireplace with pre-lit Christmas trees or draping the mantel with garland. Add soft lighting by placing LED candles around the room—you don't have to light them, blow them out or worry about dripping wax. Complete the look by adding minitrees and a sparkling wreath to create a festive feel.

with, and it will make your shopping less stressful.

- Walk everywhere with a sense of purpose - show you are calm, confident and know where you are going.
- Park in well-lighted areas that will be well-lighted when you return.

As you celebrate with your loved ones this season, please remember to give thanks for all those who serve in the armed forces.

On behalf of the men and women of the Lady Lake Police Department, I wish you all a safe and enjoyable holiday season!

Governor Scott and Volunteer Florida First Champion of Service Award

TALLAHASSEE, Fla. — During a meeting of the Florida Cabinet, Governor Rick Scott and Volunteer Florida CEO Chester Spellman awarded Maxwell Ervanian with the Volunteer Florida Champion of Service Award, Florida's official statewide volunteer recognition.

Governor Scott said, "I am proud to present Max with the Champion of Service Award today. He has made a significant impact in the Jacksonville community, serving some of our most vulnerable residents. I applaud Max for his civic engagement and applaud his continued efforts to improve the lives of individuals in his community through service and disaster relief volunteerism."

Volunteer Florida CEO Chester Spellman said, "It is an honor to recognize Max for his continued leadership and community service in Jacksonville. We are grateful for the countless hours he has spent helping children, families, and those with unique abilities in the Jacksonville community. We are proud of his innovative spirit!"

Champion of Service: Max Ervanian: Max is a 21 year-old honors undergraduate student at the University of North Florida in Jacksonville, majoring in Special Education. For the past 10 years, Max has dedicated his time to the community through service and leadership. At age 11, Max organized a program to feed Christmas dinner to 150 homeless people in Jacksonville Beach. In high school, Max served as President of the Best Buddies club, which connects vol-

ONE PERSON'S OPINION

LETTERS TO THE EDITOR

DEAR Mr. Loury:

Here we go again, whining about speeders.

It might be enlightening to research the topic on the net.

Type in : Police ticketing slow drivers. The 2 top complaints are: slow driving {especially, in the left lane}, and tailgating.

Is it any less safe to be driving 10, 15, or 20 miles below the posted limit, than it is to be driving 10, 15 or 20 miles above the limit? I do not think so.

There might be crucial reasons why some people need to drive sooo slowly. And some drivers might have more experience driving, and can handle speed. Seventy years of city and highway driving in a 350 horsepower car, vs one year driving in a one stoplight town, driving a mini car.

Perspectives DO matter. Mix all this together and you have a roadway salad.

All types of drivers doing all sorts of things. Be alert. Some distractions are recent additions to the driving dilemma, texting and phoning. What is THAT important, world shaking? Such an inflated sense of self importance? PAY ATTENTION to your driving, and do it while sober, please?

Manners matter, even while driving.

For 60 years I listened to in-laws crow about the perfect socialist state Sweden. Today anyone with money is buying private health insurance, Health insurance is not doing so well in Sweden, as well as other issues. Socialism is failing all over Europe. Do not vote because someone is selling you at "Bill of Goods". Do your homework. Please?.

A few bucks in free tuition, from my pocket, will not stand you in good stead when future tuition dollars come from your pocket for the next generation. My sympathy goes out to you, as I feel you got nothing for your time and cost. You were brain washed, and propagandized. No one should have to pay for that. You could have gotten so much knowledge from buying books, and reading yourself.

Knowledge consists of reading from the extreme right to the extreme left, and from the extreme good, to the extreme bad. How can you make decisions, without considering all aspects. We do not all think alike, that problem is exasperated by this lack of KNOWLEDGE.

Do you want a peaceful, or a barbaric world? A fair, or an unfair world?

A happy, or a sad world? Does stuff, or comfort matter? Does a Corvette make you happier than a Ford? They both get you to your destination. Do 5 mansions make

you happier than 1 comfortable house? If I were a billionaire {which I have never had a desire to be}, I would not spend money to make food out of feces. My goal for everyone is comfort. That means not having to worry about paying the rent, light, food, health and gas bills every month, and the job to meet that need. Think this will make the best of all possible worlds.

If someone had a better house, car, or food than, I do, I would not be envious, if they worked harder, or smarter than I do. This is fair advantage.

Unfair advantage is what hurts, and causes all the problems.

There is a big picture at the National level: read, NONE DARE CALL IT CONSPIRACY by Gary Allen. This book will singe your hair.

The ESTABLISHMENT HAS BEEN AT WORK SINCE 1840'S, AND ARE JUST ABOUT READY TO GIVE OUR SOVEREIGNTY TO THE U.N, AND TAKE OVER THE RULE OF THE WORLD.

No one is going to get in their way. If Trump cannot stop them, how can we do it?

Hilary is in the pocket of the Establishment. The Establishment does, and has existed for a very long time.

Do not take my word for this, please do your own research, before you vote.

Dear Governor Scott,

I'm writing to you about what amounts to a political witch hunt here in Marion Co. surrounding our former Sheriff, Chris Blair. Now that all the facts are known, it is clear that Sheriff Blair was the victim of this mis-carriage of justice perpetrated by State Attorney Brad King.

I refer you to the publication "Ocala Downtown" a monthly tabloid published by TomL Publishing, LLC of Dunnellon (http://ocaladowntown.com/wp-content/uploads/2016/08/2016-09-Ocala-Downtown.pdf) Please read both the report by Tom Loury as well as the letter by Sangi Blair which lays out Dear Governor Scott,

I'm writing to you about what amounts to a political witch hunt here in Marion Co. surrounding our former Sheriff, Chris Blair. Now that all the facts are known, it is clear that Sheriff Blair was the victim of this mis-carriage of justice perpetrated by State Attorney Brad King.

I refer you to the publication "Ocala

Downtown" a monthly tabloid published by TomL Publishing, LLC of Dunnellon (http://ocaladowntown.com/wp-content/uploads/2016/08/2016-09-Ocala-Downtown.pdf) Please read both the report by Tom Loury as well as the letter by Sangi Blair which lays out the series of events with a detailed timeline verified by official records and photographs.

After reading this complete account, I believe you'll agree with me that my Sheriff, Chris Blair, was a victim of a corrupt system of justice. As a Governor who has brought such improvement and prosperity of Florida, I believe you'll agree with me that you don't want Brad King as a representative of your government. Brad King should not have any position of responsibility in your administration.

Please give this incident your full attention. The residents of Marion Co. have been denied the opportunity to vote for a very popular and effective Sheriff. The people of Marion Co. deserve better.

Jobless Rate Remains Unchanged

Ocala metro area continues to hold state's third fastest job-growth rate in manufacturing

OCALA, Fla. (Oct. 21, 2016) – The unemployment rate in the CareerSource Citrus Levy Marion area for September was 6.1 percent, unchanged from the August adjusted rate and down 0.2 percent compared to a year ago. Out of an expanded labor force of 196,965, there were 11,975 unemployed.

According to the Florida Department of Economic Opportunity's preliminary employment summary, the number of jobless for all three counties represents an increase of 131 over the month but a drop of 325 from the number out of work in September 2015.

At the same time, the region's labor force grew by 1,874 since August and the number of employed rose by 1,743 to 184,990.

Kathleen Woodring, executive vice president for CareerSource CLM, said that today's jobs report shows that the labor force and number of employed is up in all three counties.

"I think that is very good news for our area," Woodring said. "While we never like to see a net increase in unemployed no matter how small, it's outweighed by the positive growth in the labor force which is fueled by more employment."

Woodring also noted that the Ocala metropolitan statistical area continued to post the third fastest manufacturing job growth rate among all Florida's metros.

"This is the 16th consecutive month the Ocala MSA has ranked in the Top 5 in manufacturing," she said. "Clearly manufacturing is thriving in our area and providing good opportunities for employment."

Woodring added that there was also strong job growth in September in education and health services, which posted the fourth fastest job growth rate in the state.

DEO's September report shows that Levy County continued to have the lowest unemployment rate in the region at 5.2 percent, unchanged over the month; followed again by Marion County at 5.9 percent, up 0.1 percentage point; with Citrus County posting 6.7 percent, down 0.1 percentage point. Florida's not-seasonally-adjusted rate for September was 5.0 percent, up 0.1 percentage point and the national rate was 4.8 percent, down 0.2 percent.

Here's how the numbers break down for each county:

• Citrus County's labor force grew by 354 to 47,765, the number of employed increased by 367 to 44,548 and those unemployed fell by 13 to 3,217. Compared to September 2015, when the jobless rate

was 7.0 percent, there are 109 fewer unemployed.

• Levy County's labor force expanded by 365 to 16,885, the number of employed rose by 350 to 16,008, and the number of jobless nudged up by 15 to 877. In September 2015, there were 899 unemployed and the rate was 5.4 percent.

• Marion County's labor force grew by 1,155 to 132,315, the number of those with jobs increased by 1,026 and the number of unemployed increased by 129 to 7,881. A year ago, when the unemployment rate was 6.1 percent, there were 194 more people out of work.

Among Florida's metropolitan statistical areas, Homosassa Springs, which covers all of Citrus County, dropped from the second highest unemployment rate to third, behind The Villages and Sebring MSAs which had rates of 6.9 percent. The Ocala metro area held the fifth highest rate for the third consecutive month.

In terms of ranking by county, Citrus County's fell from fifth to the sixth highest jobless rate, Marion County was 12th and Levy County was 29th.

The Ocala metro's nonagricultural employment in September was 99,200 – an increase of 1,500 jobs over the year.

The Ocala MSA's job growth rate in manufacturing was 5.2 percent – the third fastest in Florida with 400 new jobs over the year. The job growth rate in education and health services at 5.1 percent, (+900 new jobs), which was the fourth fastest growth rate for the industry sector among the state's metro areas. Both industries grew faster than statewide over the year.

Other industries gaining jobs over the year were leisure and hospitality, at 4.3 percent (+500 new jobs), and government which grew by 1.4 percent (+200 new jobs).

Mining, logging and construction lost 200 jobs over the year as did professional and business services. Information lost 100 jobs.

Trade, transportation and utilities, along with financial activities and other services were unchanged over the year.

In September, nonfarm employment for the Homosassa Springs MSA was 32,900 – an increase of 0.9 percent and 300 more jobs over the year.

The employment report for October will be released on November 18.

Veterans Day Resolution

Governor Rick Scott and Florida Cabinet Issue Resolution Recognizing Veterans Day ~Honors 33 Veterans with Governor's Veterans Service Award~

TALLAHASSEE, Fla. – Today, Governor Rick Scott and the Florida Cabinet issued the following resolution recognizing November 11, 2016 as Veterans Day. Governor Scott also awarded 33 veterans in Tallahassee with the Governor's Veterans Service Award for their service to Florida and the nation.

Governor Scott said, "Today, I am proud to issue this resolution recognizing Veteran's Day as we honor all those who have served our great Nation. I would like to thank them for their courage and sacrifice in defense of our country's freedom. It is a privilege to honor the 33 veterans who join us today with the Governor's Veteran Service Award

for their brave service to our state and nation."

Glenn Sutphin, Executive Director of the Florida Department of Veterans' Affairs said, "We must never forget our veterans and their families, through whose selfless service and sacrifice, we enjoy the liberty our nation is known for. Honoring our veterans with a Governor's Veterans Service Award is one of many ways the State of Florida thanks our veterans."

RESOLUTION

WHEREAS, for more than two centuries, individuals from all walks of life have taken up arms and sworn an oath to support and defend the principles upon which our country was founded; and

WHEREAS, throughout our history, courageous men and women have donned the uniform of our Armed Forces and built a

noble tradition of faithful and dedicated service to our Nation; and

WHEREAS, Veterans Day has been set aside as both a national and state holiday to honor those American patriots who answered the call of duty, preserving our freedoms and often making the ultimate sacrifice; and

WHEREAS, we can never fully repay our debt of gratitude to those heroic men and women who served, were wounded, or even died in battle; and

WHEREAS, the unwavering commitment of our Soldiers, Sailors, Airmen, Marines, Coast Guardsmen, and Merchant Mariners has preserved our freedoms and saved millions around the world from tyranny; and

WHEREAS, we continue to draw inspiration from the heroism and dedication of those who currently serve and sacrifice for the cause of liberty and justice; and

WHEREAS, it is fitting that all Floridians honor America's military veterans, including Florida's more than 1.5 million living veterans, through whose selfless service and sacrifice we enjoy freedom and liberty.

NOW, THEREFORE, BE IT RESOLVED that the Governor and Cabinet of the State of Florida do hereby recognize November 11, 2016, as VETERANS DAY and call upon all Floridians to honor the contributions of current and former members of the United States Armed Services.

BE IT FURTHER RESOLVED that the Governor and Cabinet of the State of Florida encourage citizens to participate in local Veterans Day activities honoring the men and women who have stood watch over America.

IN TESTIMONY WHEREOF the Governor and Cabinet of the State of Florida have hereunto subscribed their names and have caused the Official Seal of the State of Florida to be hereunto affixed in the City of Tallahassee on this 25th day of October 2016.
