Was The Day Before Thanksgiving!

By TomL

It was the day before Thanksgiving at the Lory Farm. I had made a quick trip to the store. My wife was working in the kitchen making pies for the next day. When I came up the driveway I saw a bunch of cars and trucks. I could not imagine who was there and why they were there. It was my niece and most of her family.

They like to come and see the animals and show their children the animals. It's interesting that a lot of children have never touched a cow, a donkey, a horse, a bull and various other animals that we have around. An occasional peacock will visit from the neighbor's farm. They won't let you touch them for survival reasons.

Anyway while we were out by the pasture my great nephew, who is in the military, said when he was in Africa and Kuwait they

received packages from people in The Villages. The packages contained greatly needed supplies not available in their area. Some of the packages had newspapers in them. Guess what it was? The Village Spectator. Do we get around or what? We have had some great stories about people receiving our paper in other places but this one was probably one of the best because we can say our circulation reaches the most important people on earth, the people protecting our Country!

At the end of the day, my son, his wife and their son came home and there we were the night before Thanksgiving at the Lory Farm and shared memories around the table by having a last minute planned meal for about a dozen family members. That's what I'm thankful for!

The traveling Wall came to Lady Lake / The Villages. Opened Nov 2 and closed Nov 4th. The Vietnam Traveling Memorial

Wall was open to the public for three days at the Soccer Fields on Rolling Acres Road.

Charlie's Garden

Nicholas Holmes, a senior in the EMIT (Engineering and Manufacturing Institute of Technology) program at Forest High School, has achieved the rank of Eagle Scout, the highest rank in Boy

200 in Ocala.

For his Eagle Project, Holmes worked in conjunction with other community volunteers to build "Charlie's Garden" at Interfaith Emergency Services' "Center for Life."

The concept for Charlie's Garden, a place for parents to honor the memory of their unborn children, came about because the father of a child who was aborted without his consent wanted a place to grieve the loss of the child he called "Charlie." When the old abortion clinic in downtown Ocala came up for sale, he donated funds to purchase it

Scouts. This accomplishment is the culmination of over six years of adventure, fun, work, and dedication to the Boy Scout program for Holmes, a member of Troop

and convert it into a "Center for Life."

Holmes led his group of over 25 volunteers in the building of three planter benches, a fountain and a free-standing circular waterfall wall. His project involved a total of 273 volunteer hours and over \$1,400 worth of materials and supplies.

Holmes and his volunteers didn't stop upon completion of his approved Eagle Project. They also pitched in to help ready Charlie's Garden for its dedication by planting new bushes and flowers to replace ones killed by frost, building the archway entrance to the garden, pressure washing the sidewalks and seating areas in the garden, and refinishing the donated cast iron tables and chairs.

Along his trail to the rank of Eagle Scout, Holmes has performed countless hours of community service, while simultaneously providing service and leadership to his troop and his church. He has earned 26 merit badges along the way, from camping to wood carving.

Holmes will be formally presented the Eagle Scout award at a Court of Honor ceremony on November 9 at 7:00 p.m. at The Church of Jesus Christ of Latter-day Saints in Ocala.

AS I SEE IT

'Homeless in America'?

Our streets are home to the poverty-stricken; the elderly; Military Veterans who have to choose between the streets and the prison; and the suddenly unemployed who have been fired when the 1% ruling elite 'export' their jobs to a foreign country.

As many as 3.5 million Americans are homeless each year. Of these, more than 1 million are children, often due to domestic violence, lack of affordable housing, unemployment, poverty, and low wages

In fact more than half the homeless are

families with children.

Recently thousands of Californians have been burned out and are now living in small tents in the dirt lot close to Walmart. And many Hurricane victims in the south have still not got their lives back together,

Another group of young American homeless, whom I was unaware of, are the thousands of children who are kicked out of foster-care on their 18th birthday.

Apparently, fostering pays quite well; One source says the 'parents' get "\$35,000 on up to \$50,000 per year" So you take in

two young children and get a \$70,000 - \$100,000 income guaranteed for the next decade or more. And, even better, you're not stuck with a 'dud' because you can trade them in any time for a better one.

These kids are truly on their own. Every year 23,000 young people "age out" of foster care.

They have no 'resources' - no parent, no guardian, no home, no job, no school, no college, no protection, no future.

Right now there are nearly 36,000 American teenagers who will soon 'age out' of foster care.

A recent study shows that many of these children will end up in jail, or homeless or pregnant. Also they are much less likely to

get a good job or go to college.

One young man said, "Living on your own is a little weird. It's kinda lonely" Cooking is limited to heating soup in the microwave. "Yesterday, I was trying to cook, but the burgers, got burnt."

A report found that by age 23-24 less than half were employed; Almost 25% were still homeless

More than 75 percent of the girls were, or had been, pregnant.

Almost 60% had been convicted of a crime, and about 80% had been arrested.

Only 6 percent had a 2- or 4-year degree.

Hardly surprising if, when you turn 18, they put your stuff in a plastic bag and ship you off to the nearest homeless shelter.

Compare that to the generous reception being offered, at tax-payers expense, to the 'Caravan of Invaders' from South-American through Mexico.

Free transportation to free housing with free health care, no education required, no job qualifications required. No knowledge of the English language required (And no requirement to learn-ever!

So, how can we help the homeless in America?

As I See It, we teach them Spanish, give them a one-way ticket to Mexico and take away their passports.

Then, they can do a quick 'U-Turn', and 'illegally' run across the border back into the USA.

Now they qualify as 'foreigners' who deserve help instead of Americans who do not!

'til next time AsISeeltTP@GMail.com

PUBLISHER'S NOTES

Illegal Immigrants: If they don't show up for the hearing then don't release them until the hearing is over. If they are released into the United States, give them working permits. Release them to

areas that fit their skills. Send factory workers to industry area, farmers to pick crops. Those that don't have skills, teach them construction and put them to work building the wall and housing for those working on the wall. Tell them if they ever move to a sanctuary city they will be deported instantly when caught. No hearings, no court dates instantly!

Furthermore, any employer caught employing an illegal without a permit should be fined \$5,000 the first offense per person. Give the employer all the work permits they need and they have to register them or pay the fine every month they must be accounted for. Then the people without

work permits may apply without being arrested if they have not committed a crime (in other words make it legal for them to work in this country with a registered permit). They may not have voting right until they spend two years in our Military.

Voting rights: South Florida, Broward County and Palm Beach County have always been hard core Democratic. The ones that are not, Dems might get their votes lost. Sound a little strange? I was raised in Broward County. They have always been corrupt: losing votes, buying votes, raising people from their grave to vote, if there is a birth certificate they can vote even if they no longer exist. If they are allowed to steal the election away from the winners there will be hell to pay.

I got a lot of feedback about the picture on the front page of the Lady Lake Magazine/Villages Spectator. It was a picture of the caravan of many thousand people march. If you look at the picture there are young men. They are carrying a flag

from their country of origin, not the US flag. Some confronted the Mexican military police by throwing rocks. I just think we have to be careful.

I stood up for an immigrant who wanted very much to be a citizen. He got his citizenship papers and is a fine upstanding American. But he did not cross the border illegally. He ask for a work permit and worked for me. I taught him a trade. While working at his trade he went to college and got a degree, finishing top in his class. He bettered himself and his family. That is what I think an immigrant should show: the desire to be a good American. Crashing the border with a large group is not right!

I don't agree with everything President Trump does and says but he is the best tool to cleanup corruption in Washington and worldwide deals that our past politicians screwed up. I am for immigration but let's do

Attorney General Pam Bondi

Black Friday is the unofficial beginning of the holiday shopping season. This week, just in time for the shopping frenzy, I released my [2018 Holiday Consumer Protection Guide](#). The guide is full of great advice for making secure purchases online and tips on avoiding identity theft and charity scams. It also includes safety information about toys and recalled items to better prepare shoppers to make wise purchases this holiday season.

Consumers should make sure they are using a secure web browser before submitting financial information when shopping online. Using a credit card to make an online purchase adds another layer of protection for online shoppers. It is also important to keep all receipts and understand a retailer's return policies and deadlines.

In addition to smart online shopping tips, the guide includes a list of items recalled by the U.S. Consumer Products Safety Commission during the past year. It specifically focuses on children's toys and items that pose a threat to children and

teenagers. These products have been recalled by a manufacturer because of safety and health concerns. Recalled items include clothing, furniture, sporting goods, toys and other home products that may be unsafe for children. You can find more information on recalls and a comprehensive list of recalled items year-round at the U.S. Consumer Product Safety Commission's www.cpsc.gov/en/Recalls.

The holidays are a time to be grateful for what we have and enjoy the company of family and friends. I want to wish everyone a Happy Thanksgiving and safe travels for those visiting family this week.

Massive Smash and Grab Theft

Working with the Hillsborough County Sheriff's Office this week, we stopped a massive smash and grab theft ring

responsible for nearly one million dollars in property loss. Members of the crime organization face charges connected to burglaries of at least 14 businesses, spanning several Florida counties.

According to a multi-agency investigation, the crimes occurred from May through September and followed a similar pattern. The method of operation involved members of the ring smashing a hole in the wall of a business, rushing inside, disabling the security system and fleeing with thousands of dollars' worth of merchandise.

The investigation estimates the ring is responsible for more than \$830,000 in stolen goods and property damage. Businesses targeted include boating, discount, liquor and tire stores among others. The burglaries occurred in Hillsborough, Manatee, Pinellas and Polk counties. Most of the defendants reside in Miami. Stolen items include cigarettes, liquor, tires, a hand gun, boating and fishing equipment, and a digital video recorder system.

Law enforcement arrested multiple suspects in this case. All face charges of armed burglary, conspiracy, grand theft, grand theft firearm, grand theft motor vehicle and RICO. My Assistant Statewide Prosecutor Rita Peters will prosecute these defendants.

For more about this case, go to www.myfloridalegal.com/newsrel.nsf/newsreleases/1EFE07536C6EF1878525834500722080.

2,500 Medicare Advantage plans available through Medicare.com for 2019. Here are some key benefits available and the percentage of Medicare Advantage plans offering them:

\$0 monthly premiums: 45 percent of all plans;

Dental: 88 percent of plans;

Vision exam: 98 percent of plans;

Vision glasses: 84 percent of plans;

Hearing: 90 percent of plans;

Fitness: 99 percent of plans;

Routine transportation: 37 percent of plans; and

Meals: 50 percent of plans.

Early in 2018, the government paved the way for Medicare Advantage plans to offer even more benefits, including adult day care services, respite care for caregivers, and in-home assistance with activities such as dressing, bathing and managing medications. Health insurers will also be able to provide safety devices to help prevent injuries in the home, including stair rails, grab bars and temporary mobility ramps.

Although most insurers won't offer the next wave of benefits until 2020, some of the services may be available during this year's open enrollment period, which runs through December 7, 2018.

It's important to look at costs when shopping for Medicare Advantage plans too. That's true even if you already have Medicare Advantage, since premiums, deductibles and co-pays change from year to year. Insurance companies often tweak their list of covered drug and prices, too, for Medicare Advantage plans that cover prescription drugs, and that can mean higher out-of-pocket expenses for you.

Unemployment Rate Lowest Since Jan 2007

Florida Unemployment Rate Continues to Drop, Lowest Since January 2007

TALLAHASSEE, Fla. — Today, Governor Rick Scott announced that Florida

businesses have created more than 1.64 million jobs since December 2010, including 21,200 private-sector jobs in October. Over the past year, 241,500 new private-sector jobs were created in Florida. Florida's annual job growth rate has outpaced the nation for 78 of the past 79 months. The only month that Florida did not exceed the nation was due to Hurricane Irma. Florida's unemployment rate continued to drop in October, down from 3.5 percent to 3.4 percent, and is now the lowest since January 2007.

Governor Scott said, "Over the last eight years, we have recovered from a recession and rebuilt a strong and resilient economy that attracts businesses from all industries to create great jobs for Floridians. Every Floridian can be proud of our state's incredible success, which has now driven down unemployment to just 3.4 percent—the lowest it has been since January 2007. Today, with more than 1.64 million jobs created since December 2010, we all see the importance of continuing to cut taxes and attract companies to Florida so people can live their dreams and support their families in the Sunshine State."

In October, Florida's unemployment rate dropped to a low 3.4 percent, a drop of 7.4 percentage points since December 2010; this drop is faster than the national decline of 5.6 percentage points.

Florida's annual job growth rate of 3.2 percent continues to exceed the nation's rate of 2 percent. In the past year, 107,000 people entered Florida's labor force, a growth of 1.1 percent.

Cissy Proctor, Executive Director of the Florida Department of Economic Opportunity said, "Florida's economy is strong and growing. Governor Scott's leadership and commitment to job creation in our state has helped millions of Floridians

live the American Dream."

Other positive economic indicators include:

- Private-sector industries gaining the most jobs over-the-year were:
- Education and health services with 51,300 new jobs;
- Leisure and hospitality with 51,100 new jobs;
- Construction with 43,400 new jobs;
- Professional and business services with 30,100 new jobs;
- Trade, transportation and utilities with 25,300 new jobs; and
- Financial activities with 16,700 new jobs.
- Florida job postings showed 226,300 openings in October 2018.
- Consumer Sentiment Index is 97.8, up from 70.2 in December 2010.

Florida State Senate

DENNIS K. BAXLEY

Friends,
Despite much anxiety over the recent election, we have many reasons to be thankful. First, we were given by our forefathers a system of self-government where we can select

our own leaders, none of whom can appoint themselves. Secondly, I am extremely grateful to the voters of Senate District 12 for providing a clear statement of confirmation for me to continue to be their Senator. Thirdly, we are grateful that 65 of 67 counties of Florida have been able to conduct with fairness and professionalism a clear tabulation of our elections. Fourth, we have a clear set of law for resolving remaining questions in close elections. We

also have a court system to resolve any remaining issues in a timely manner. Finally, I am extremely grateful that no remaining issues will delay the timely convening of the organizational session of the Florida Legislature on November 20th. This session is our opportunity to organize our government for the next two years. We will move onward and upward!

Thanks to all who have participated in so many ways in the election process. The turnout shows that Florida still values self-government and there are still many who know how important it is to stay involved in decisions that shape our future. Elections have consequences and every vote matters. Thanks to all, now let's move forward and build a great future for Florida.

Senator Dennis Baxley

Letter to the Editor

Mr. TLoury:

When is it time for our turn at middle class privilege?

Some of us have been working for 3-4-5-6 generations trying to escape poverty. Just as we are nearing the top of the whole and are peeping over the edge into the middle class, lawbreaker's barge in and step on us and usurp our turn, our dream, and push us right back, and take our middle class promise. NOT FAIR. We are law abiding citizens. We deserve middle class stature; we have paid the dues in blood and sweat.

While breaking the law is not enough, they tell us how to run our country. It is in NO way their country, they have NO say. They are lawbreakers. America was ours long, long, long before they decided to break the law.

What is the reason the Democrat party is siding with lawbreakers against citizens? POWER, POWER, POWER!!!! Power to implement their GLOBALIST world? Are you willing to give up your turn at a middle class life to lawbreakers?

Why do Democrats need these lawbreakers? To vote. Since Roe vs Wade passed 560 million children have been aborted. Since abortion is a liberal issue, one must surmise that most of the abortions were liberal. Hence, the need for replacement voters. These lawbreakers are their answer.

They are not needed for work, but rather for VOTES, and Democrat power.

And, ergo your child's chance at college, or a job may be usurped. Citizens' think of their own first. That is what citizen means. Illegal does not mean citizen. OR? Are lawbreakers dearer to you?

Drink To Your Health

(NAPSI)—If you're like 64 percent of Americans, you drink a cup of coffee every day.

While many coffee drinkers still prefer their coffee black in its most natural form, coffee tastes have evolved over the years. Today, the market offers many caffeinated beverages formulated with sugar and fat that add calories and can offset the inherent benefits of caffeine, such as alertness and a feeling of increased energy.

Health-conscious consumers, however, are making dramatic changes to their diet and choosing food and beverages that not only taste good but offer nutritional benefits as well. There is an almost endless number of new drink products that provide more than great taste—they help people reduce calorie intake and fuel their day. Recently, the coffee category has started growing with novel alternatives to sugary coffeehouse beverages with healthy ways to start the day

or provide an afternoon pick-me-up.

While people drink coffee throughout the day, they are, increasingly, seeking something more than a caffeine pick-me-up. Alternatives are available that are great tasting, low fat, packed with protein and deliver a feeling of energy all in one. Coffee drinkers who want alternatives to sugary drinks, as well as something that offers nutritional benefits, are turning to Herbalife Nutrition High Protein Iced Coffee. It contains two grams of sugar and no artificial flavors or added colors. The 100-calorie drink mix is big on taste and provides 15 grams of protein and 80 mg of caffeine per serving.

“Everyone loves the refreshing taste of iced coffee but not the calories and sugar that come with many coffeehouse options,” said Susan Bowerman, MS, RD, CSSD, CSOWM, FAND, Senior Director of Worldwide Nutrition Education and Training at Herbalife Nutrition. “Our high-protein iced coffee is the perfect healthy snack and is a great alternative that can be enjoyed at home or on the go.”

Bowerman offered some additional delicious and nutritious beverage suggestions:

Digestive Health

Gut health is a hot topic as people try to find new ways to keep the body in balance by consuming foods and beverages that support a healthy digestive system. Kombucha, vinegar and probiotic-enhanced drinks continue to garner a lot of interest to support a healthy gut. However, many probiotic drinks are filled with sugar to

counter the taste of yogurt. A healthy, old-fashioned option to aid digestion is to keep hydrated by drinking a lot of water. Drinking too little water slows down the digestive system. Perhaps best of all—water has zero calories.

Sugar Reduction

CHIEF CHRIS MCKINSTRY

HOLIDAY SAFETY REMINDERS FROM THE LADY LAKE POLICE DEPARTMENT

As the holiday season approaches, many Lady Lake residents will be gathering with family and friends to celebrate. Whether you are traveling out of town or hosting festivities at home, the Lady Lake Police Department wants you to be safe. Here is a security checklist to help protect your home and family.

Before you leave town it is important to make sure your home appears occupied. Place timers on your lights and set them to turn on and off at different times. Lock your garage door and disconnect the automatic opener. Most importantly, tell a trusted neighbor that you are going to be away and ask them to dial 911 immediately if they see anyone on your property.

Here are some additional home security tips to keep in mind:

- Install good locks on all doors and windows and always use them.
- Stop newspaper and mail deliveries, and never hide a spare key outside,
- Give that spare key to a trusted neighbor and provide them with an emergency telephone number where they can reach you.
- Have someone mow your lawn if you'll be away more than a couple of weeks.
- Turn down your telephone ringer so

no one outside can hear repeated rings, and never leave a message on your telephone answering machine stating you are out of town.

- Leave your window blinds as you normally would if you were home.
- Invite your neighbor to park their car in your driveway or have a friend move yours if you left it at home.
- Do not post holiday travel plans on social networking sites.

Even if you are not planning to travel, the holidays are also a time when thieves and con artists are frequently on the prowl. Here are some tips from the Lady Lake Police Department to help keep your home, your car, your possessions, and your family safe.

Keeping Your Home Safe

- We all want our homes to reflect the joy of the season, but avoid displaying gifts where they can be seen from a window or doorway.
- Arrange to have packages delivered to a neighbor if you're not home to receive them.
- Packages left on porches or doorsteps are "easy picking" for thieves. It also draws unwanted attention to your home.
- Consider simple outside decorations. Elaborate or large lawn pieces are sometimes stolen right off the lawn.
- Be sure not to obscure the view from your windows. You need a clear view of your property.
- Always lock your home's doors and

windows, even if you're only gone for a few minutes.

- Compact or dispose of packaging discreetly. Often criminals will spot something you've discarded and can target you for their next burglary or theft.

Staying Safe While Shopping

- Always lock your car and close the windows, even if you're only gone a few moments. When possible, lock all merchandise or packages in the trunk of your car. Load your packages before departing, not at the next destination.
- Shop with at least one partner. Have your car or house key in your hand as you approach the door.
- Stay alert to your surroundings and the people around you. Look inside your car and around it as you approach.
- Be extra careful with purses and wallets. Carry a purse under your arm. Keep wallets in an inside pocket.
- Avoid carrying large amounts of cash.
- Avoid street vendors or people that flag you down with a "great deal" -- many times these hucksters are selling stolen or unlicensed merchandise.
- Plan your trips. Instead of one big shopping trip, try several small ones. This will cut down on the amount of money you carry, the packages you'll be encumbered with, and it will make your shopping less stressful.
- Walk everywhere with a sense of purpose - show you are calm, confident and know where you are going.
- Park in well-lighted areas that will be well-lighted when you return.

Expecting packages shipped to your home this holiday season? You're not the only

one... scammers are, too.

The "delivery failure notification" email has been around for a while, but given the increase in deliveries during the holiday season, it is sure to make a comeback. The notification looks like it's from the U.S. Postal Service — but it's not. The email says you missed a delivery. But, it says, if you print the attached form and take it to your local post office, you can pick up your package and avoid penalties. The message might also include a link for more details.

Here's the truth: the email is bogus and there is no package. And if you download the attachment or click on a link, you're likely to end up with a virus or malware on your computer or mobile device.

Con artists often use the names and logos of familiar organizations to get under your guard. So how do you tell what's legit and what's a scam? Here are some ways to spot a bogus email:

- It tells you to click on a link or download an attachment
- It urges you to take immediate action
- It asks you to "re-confirm" personal or financial information

Another sure sign an email is a scam? If you hover over the link in the email, it won't show the official website of the supposed sender — in this case, the U.S. Postal Service website.

It becomes more and more difficult to protect yourself from scams, but remaining vigilant is certainly the most important factor in not becoming a victim.

As you celebrate with your loved ones this season, please remember to give thanks for all those who serve in the armed forces and are not fortunate enough to be home with their families.

34th Annual Downtown Gainesville Festival & Art Show

Dec. 1-2, 2018, Gainesville
The historic downtown streets are filled with live music, performing arts, the works of 240 artists and an array of food, attracting 100,000 attendees. For more information go to www.gainesvilledowntownartfest.org/

Miami Art Week and Art Basel Miami Beach

Dec. 5-9, 2018. Art Basel, an international art fair, draws top tier galleries from around the world plus the rich and glamorous to South Florida. A far cry from the street art festivals that dot Florida, this is an event that is not cheap. (Tickets start at \$50.) Over the years, however, a variety of satellite events have developed, creating art-related events for regular folks, including Miami Art Week. Learn more about [Art Basel](http://www.artbasel.com/miami-beach) at www.artbasel.com/miami-beach and about [Miami Art Week](http://www.miamiartweek.art/) at www.miamiartweek.art/.
